Asia 3 Days Distant  
The Queer Doukhobors  
What Is in Bootleg?  
For Witnesses, Death

By Arthur Brisbane  
Copyright, 1929, King Features Synd., Inc.  
A NOTHER night of 2,500 miles and the great Zeppelin, landing at Lakehurst, will complete "the trip around the world."  
This achievement will be told in history a thousand years after "The Great War" shall have become "one of many wars."

In his radio message from the Zeppelin, Karl H. Von Wilsdorf remarks that the Graf Zeppelin's flight "has brought Japan and California together in less than three days."  
These few words should dispose of any foolish suggestions that the United States air program should be REDUCED.  
It ought to be multiplied by four.

The Zeppelin made less than 50 miles an hour.  
At the Schneider cup races presently airplanes will exceed 300 miles an hour.  
They would fly from Tokyo to San Francisco in one day. The double that their speed will be transferred to big bombing planes.  
We need air expansion, not retrenchment.

President Hoover is an engineer, knows Asia, and it is not likely that he will adopt any "little American air fleet policy"—even to please Great Britain.

Canada has arrested 250 Doukhobors, a queer Russian religious sect, that when annoyed strip themselves naked and parade the streets.

What would happen if entire populations should suddenly imitate the Doukhobors—men, women and children wander around without clothes?  
The answer is that NOTHING would happen.

We would become used to the unclothed procession, as we have become used to seeing grandmothers with dresses above their knees and pink silk legs by the million.

Those Doukhobors deserve to be locked up, not because they walk around naked, but because they refuse marriage ceremonies, but because they oppose public schools and sometimes set fire to them.

Samuel Schwartz, aged 51, and Herman Sherman, aged 51, are being pointed by and named in their bootleg whiskey factory. A hole underground, carefully hidden, secretly ventilated, was found by the police, who also captured the two bodies. One tall 20 barrels of bootlegging mash, each of which means killed the bootlegger, was found in a barrel to hasten the distilling process. That is the poison swallowed by drinkers of bootleg whiskey.

When efficient gangsters don't want to testify they won't testify. Somebody killed two men in New York's "Hotzy" speakeasy. Two waiters and an other man saw the gunman that did the killing.

Commissioner Whelan says the three that saw say nothing more. They have been killed to "shut their mouths."

Bill McGorry, vice manager of all New York days, was right. He said, "It is safe to say to see things that you might see."

Henry Ford's interesting statement that he would start manufacturing automobiles "if cause came back again," causes unnecessary discussion.

Mr. Ford, a sincere teetotaler, probably said that he would, if he is as good now as ever. He established his reputation and that of his car long before prohibition came.

What Henry Ford could do without the aid of prohibition is 50, he could do now at 65. He wants to help prohibition, that's all.

Airplanes have been used to kill men, carry mail, deliver races across the English channel and here in America in time for important races.

They have carried vaccines to important communities, surgeons to perform operations, scattered hundreds of millions of the seeds over extended areas.

They are used for gold prospecting, for spying out foreign fire, for long-range trips, for bootlegging and for smuggling in contraband immigrants.

The latest is an airplane carrying services for Franchiser butlers.

In New York, a powerful plane will distribute oranges to all points within 300 miles. The plane carries 1,300 pounds and the pilot.

Samuel Untermyer, speaking for New York Jews, attacks the British government for failure to prevent or suppress rioting, and protect Jewish lives in Jerusalem.

Without questioning the justice of Mr. Untermyer's criticisms, it may be suggested that it is not a time to antagonize British authorities, the only hope of 40,000 Palestinian Jews, attacked by Arab bands.

## WEATHER

Generally fair with possible showers at the coast Tuesday; cooler Wednesday night; Wednesday fair, continued cool.  
High tide 1 day: 4:43 a. m.; 6:15 p. m.  
Low tide 1 day: 8:53 a. m.; 9:25 p. m.  
Light all vehicles tonight at 7:15.

### Faces Actor Equity Ban

Ethel Barrymore, noted star, who faces a reprimand and possible expulsion by the Actors' Equity Association for her alleged assistance in defeating its efforts to unionize the talkies.

### ACTORS SCORE A BARRYMORE

New York, Aug. 27 (INS)—Ethel Barrymore today faces possible expulsion from the Actors' Equity Association or a public reprimand as a sequel to the organization's recent defeat in its efforts to unionize the talkies of Hollywood.

Frank Gilmore, president of Equity, and other charge Miss Barrymore is at least partly responsible for the defeat.

The "Barrymore incident," including her statement that Equity had attempted to control the talkies and had failed, will be presented to the council of Equity today. Gilmore, who has just returned from Hollywood, will present the Barrymore case for official action.

While Gilmore, by implication, laid the blame for Equity's defeat at the door of Miss Barrymore, he charged it chiefly to the producers, whom he accused of subterfuge and threats.

"The struggle is only postponed for a short time," he said. "We were on the verge of success when an untoward incident caused us to feel it was better to retire, but only temporarily. That we shall ultimately succeed cannot be doubted after our extraordinary meetings in Hollywood."

Ammonia fumes from a broken refrigerating plant in the basement seeped through the exclusive Chilton Club, 150 Commonwealth ave., today, endangering the lives of seven society women in the building.

Several of the women were asleep in the club when a passerby noticed the odor of ammonia and telephoned the fire department.

Rescue Co. No. 1, raced to the club and firemen, donning gas masks, shut off the plant and repaired the damage. The fumes were not strong enough in the upper floors to affect the club members present at the time.

**SUFFOLK LAW SCHOOL.**  
The Suffolk Law School, which has been closed since the fire of 1927, is now open for the first time since the fire.

## 2 DEAD IN ANTI-JEWISH RIOTS

Woman Dying and One Pilot Has Close Call Going 200 Miles an Hour at Airport

Two persons were killed instantly, another was injured probably fatally, and a pilot had a narrow escape at East Boston airport today when Philadelphia-to-Cleveland race planes crashed.

The crash of the plane, which was piloted by Mrs. Richard A. Devereaux, N. Y., chief pilot of Curtis Flying Company, was the first of the race.

MISS EDWARD J. DEVEREAUX, 35, was the only woman pilot to take part in the race. She was flying a Curtiss biplane.

### Store Jewels to Foil Cape Cod Thieves

Cape Cod summer residents, alarmed by the theft of \$25,000 in jewels in two home breaks within the past few days, in an attempt to foil the thieves, have arranged to place their jewels in a safe-keeping, in bank vaults.

In an attempt to catch the gang of jewel thieves, believed to be led by Arthur Barry, society raffles, who recently escaped from Auburn prison during a riot of prisoners, have been organized to prevent them from their homes, and police as taking special precautions at the home of Mrs. John C. Greenleaf at Barnstable. Barry and his pal, Billy Monahan, broke into the Greenleaf mansion on Long Island, according to police.

Hampton, N. H., Aug. 27 (AP)—Two men, lost their lives, a third was critically injured and several others were hurt in an unusual series of automobile accidents here today.

The dead are: Fred Pauliste of Hingham, N. H., who died at the Exeter hospital; and Fred Pauliste of Hingham, N. H., who died at the Exeter hospital.

Countess, his brothers, Ernest and Wilfred, Edgar, brother of Rochester, who has admitted driving the machine, and Edgar Beale, also of Rochester, were in one car.

According to the police, Deane's car collided with a machine driven by John P. Corbett of Boston. The car was damaged and Corbett was injured.

At this juncture, a fourth machine, containing August Denna of Jamaica Plain, Mass., and Pauliste, both chaps, came along and the men volunteered to take the Corbett brothers to a physician.

## PALESTINE RACE WAR

More Killed in Holy Land Despite Arrival of British Soldiers

Jerusalem, Aug. 27.—The racial war between Moslems and Hebrews spread today when reports of new riots were received from various parts of the Holy Land.

The death toll among the Jews has exceeded 150 to date. Fifteen American citizens are among the dead.

The total dead in the uprising is placed at 600 by officials of the French Foreign Office on duty here.

The British Government speeded efforts to quell the outbreak today by rushing more troops into the Holy Land.

In addition to these movements, a flotilla of British destroyers was assembled at Malta, ready for a quick dash to the scene of conflict.

Latest reports today told of recurring attacks at both Tel Aviv and Jaffa, and nearby Jaffa, where British police fired on a crowd attacking the government offices and killed five Arabs, wounded 20.

In two attacks at Tel Aviv in the past few days, 20 Moslems were killed and more than 20 Jews wounded.

HERZOGS HIDE IN FEAR.  
The Government has begun to disarm the Jews, but it was understood the Arabs were continuing to obtain arms and ammunition from Trans-Jordan.

About 100 British soldiers already were in the Holy Land.

### Jews of Hub Rally in Palestine Protest

With the call to protest against killing of Jews in Palestine, issued by Zionist officials for a mass demonstration in Faneuil Hall tomorrow night, Jewish girls and women of the city were rallying to the cause.

Female financial arrangements were being completed at another special Zionist meeting in the School of the Holy Spirit, where a Zionist organization of the city was holding a meeting.

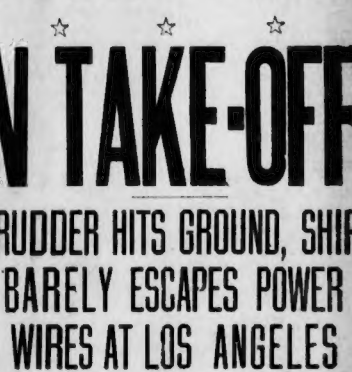

Junior and senior units of Hadassah, the women's organization of the Zionist movement, were particularly active in the cause.

At this juncture, a fourth machine, containing August Denna of Jamaica Plain, Mass., and Pauliste, both chaps, came along and the men volunteered to take the Corbett brothers to a physician.

## SHIP BARELY ESCAPES POWER WIRES AT LOS ANGELES

New York, Aug. 27 (INS)—The Graf Zeppelin will leave Lakehurst for Friedrichshafen, Germany, four days after arrival at Lakehurst, Hamburg-American Line, booking passengers for the overseas flight, announced today. Arrival at Lakehurst tomorrow therefore, would mean taking off Sunday for Germany.

Los Angeles, Cal., Aug. 27.—Blight damage was done to the Graf Zeppelin when it took off from Mines Field at 12:16 a. m. today (4:16 a. m. Boston daylight saving time) for Lakehurst, N. J., on the fourth leg of the Heart-Zeppelin round-the-world flight.

As the plaudits of countless thousands of spectators rang out and sirens screamed, the great silver dirigible developed a tail heaviness and scraped its rudder in the soft earth of the field for a quarter of a mile.

Then as it rose sharply, dropping water ballast, it escaped by 20 feet contact with high-tension electric wires outside the grounds.

Anton Wittemann, expert navigator, was at the controls and had thrown all motors on at full speed, lifting the ship sharply into the air.

Dr. Hugo Eckener, in supreme command, was in the control cabin, together with Capt. E. H. Lehman pilot.

The Zeppelin headed east, descending at an altitude of 5,000 to 6,000 feet.

At 12:50 a. m. (4:30 Boston time) the steamer West Coast reported by radio she had sighted the Graf Zeppelin.

At 1:15 a. m. (5:00 Boston time) the steamer West Coast reported by radio she had sighted the Graf Zeppelin.

At 1:30 a. m. (5:15 Boston time) the steamer West Coast reported by radio she had sighted the Graf Zeppelin.

At 1:45 a. m. (5:30 Boston time) the steamer West Coast reported by radio she had sighted the Graf Zeppelin.

At 2:00 a. m. (5:45 Boston time) the steamer West Coast reported by radio she had sighted the Graf Zeppelin.

At 2:15 a. m. (6:00 Boston time) the steamer West Coast reported by radio she had sighted the Graf Zeppelin.

At 2:30 a. m. (6:15 Boston time) the steamer West Coast reported by radio she had sighted the Graf Zeppelin.

At 2:45 a. m. (6:30 Boston time) the steamer West Coast reported by radio she had sighted the Graf Zeppelin.

At 3:00 a. m. (6:45 Boston time) the steamer West Coast reported by radio she had sighted the Graf Zeppelin.

At 3:15 a. m. (7:00 Boston time) the steamer West Coast reported by radio she had sighted the Graf Zeppelin.

At 3:30 a. m. (7:15 Boston time) the steamer West Coast reported by radio she had sighted the Graf Zeppelin.

At 3:45 a. m. (7:30 Boston time) the steamer West Coast reported by radio she had sighted the Graf Zeppelin.

Lady Hay's Smile Wins Heart of Los Angeles

By LOUELLA O. PARSONS  
Copyright, 1929 Universal Service, Inc.

Los Angeles, Aug. 27.—Lady Drummond Hay literally flew into the hearts of thousands of admiring Los Angeles men and women.

From the moment she stepped into the pink-lit drome from the huge silver Graf Zeppelin she captured the imagination of the tremendous crowd who stayed up all night to welcome her and the other round-the-world travelers.

She stepped jauntily off the Graf Zeppelin, a smile flashing from her eyes, and she was the life of the party in all the storms and gales.

Gently bared, essentially feminine and with more than her share of old-fashioned looks, she might have been of her own time, a bridge party or an afternoon tea instead of emerging from an historic venture.

Sleep 3 Hours a Night  
You wonder, when you look at her slim figure, dressed in modish clothes, that she has not much yellow blouse, how she has so much courage. Yet she has.

She stepped jauntily off the Graf Zeppelin, a smile flashing from her eyes, and she was the life of the party in all the storms and gales.

## STATE A. O. H. ASKS ORIGINS REPEAL

Lowell, Aug. 27.—The Massachusetts State Board of the Ancient Order of Hibernians, in convention here, today takes up a resolution for the repeal of the national origins clause in the immigration act.

The request for the repeal of the act will be in accord with the policy of previous administrations of the Massachusetts State Branch, which has waged a vigorous campaign against the legislation since its enactment in 1923, officers said tonight. Officers of the Ladies Auxiliary to the organization, also in session here, indicated that they would take similar action on the national origins question. John J. O'Connor of Holyoke is to be re-elected today State president.

More than 2000 delegates of the Hibernians and Ladies Auxiliary are attending the convention. John O'Sullivan, president of the Lowell Central Council, A. O. H., extended a cordial greeting. He expressed the gratitude of the committee to all who in any way assisted in making the convention possible.

The meeting was turned over to Thomas Mulvey, president of the Middlesex County A. O. H.—Mayor Thomas H. Braden extended the city's greetings and informed the gathering that his mother's name was Heffernan, and asked if he needed to say more to show his feelings for the Irish people.

Other speakers were John J. O'Connor, State president of the A. O. H.; Miss Mary M. Kinsella, State president of the Ladies Auxiliary; Miss Mary E. Gleason, Middlesex County president; the Rev. Philip J. O'Donnell, Thomas M. A. Higgins of the Chamber of Commerce, Mrs. Mary Martin, State national president of the Ladies Auxiliary; P. J. Toward, national secretary, and Thomas H. Buckley.

## To Speed Up Planes by Altering Pitch of Propellor

Airplane flying at high altitudes at perhaps double the speed possible near the ground through use of propellor whose pitch is controllable by the pilot were pictured in aeronautic engineers here.

The necessity of a pilot being able to control the angle at which the propellor attacks the air has been recognized for a number of years.

State chairman of the Irish history committee.

Executive sessions of both organizations followed. The nominating committee reported the nomination of the following State officers, who will be elected without opposition at today's session: President, John J. O'Connor, Holyoke; vice-president, Timothy O'Connor, Cambridge; secretary, Daniel Blatter, Norwood; treasurer, Patrick J. Leary, Worcester.

## Bad Food Blamed for Crime Tendencies

Chicago, Aug. 27.—Wrong food rather than strong drink and inherited criminal tendencies was named as one of the chief causes for the down-and-outer turning to crime and the girl going wrong, in a report issued by Commissioner McMillan, in command of the central territory of the Salvation Army.

More than 60 per cent of the unwed mothers and fallen girls cared for by the army, the report said, were victims of malnutrition during childhood, while 33 per cent of all men given aid by the army also were victims of malnutrition in youth.

## A. L. Auxiliary Reports

The first meeting of the season of the Auxiliary of Chelsea Post 24, American Legion, was held at the Legion Building, where a report of the activities at the State Convention was read to the members.

## G. O. P. BATTLE IS AGAIN BREWING

Washington, Aug. 27.—Another row is brewing between the conservative and insurgent wings of the Republican party, and there may be a showdown when the national committee meets here two weeks from today to ratify President Hoover's selection of Claudius H. Huston as national chairman.

The insurgents, of whom Sen. Brookhart of Iowa may be regarded as the spokesman, view with considerable suspicion the unusual activity on the part of organization leaders during the off-year. And they are wondering why Sen. Moore of New Hampshire is already busy functioning as manager of the senatorial campaign many months in advance of the primaries which will name the candidates.

Moore would probably be the first to deny that he intends to interfere in Republican primaries. Yet some of his recent journeys have not gone unmarked. He has recently visited Maine, Massachusetts, Rhode Island and Illinois, in all of which red hot Republican primary battles are promised for next year. While the insurgents have no particular hope that their ranks will be swelled with Republicans from these four states, they are watching to see whether Moore, who has the issue between conservatives and insurgency will be clearly drawn.

Rightly or wrongly, Moore is being credited in Massachusetts with an attempt to remove Gov. Fuller as a senatorial candidate by inducing him to accept a diplomatic appointment.

## Award Contracts for Colby 'Gym'

Waterville, Me., Aug. 27.—Contracts for the construction of a \$250,000 athletic plant for Colby College were awarded by the board of trustees. Work is expected to start immediately.

## ZEPP LIGHTNING PROOF, SAYS ECKENER

(Copyright, 1929, by Universal Service and Los Angeles Examiner.)

Los Angeles, Aug. 27.—As preparations were being completed for the continuance of the Graf Zeppelin's flight, Dr. Hugo Eckener spoke for the first time for publication of the epochal trans-Pacific voyage. Dr. Eckener made other interesting statements in answering the following questions:

Q.—What was the extent and effect of electrical storm on trip from Japan?

A.—The Graf Zeppelin encountered electric storms off the Japanese coast, few around part of them, dodged through them. At any event, even a direct hit on the Zeppelin would not have been serious, as the metal framework of the Graf Zeppelin constitutes a virtual "Faraday cage," over which the electric charge would be distributed and pass off without harm to the vessel.

Q.—Zeppelin ships have been hit by lightning in the past without any damage.

## Guarded Zepp at Airport

Woodruff de Silva, Lieut. T. G. W. Settle, Asst. Fire Chief C. J. Howley. To these three officials was entrusted the landing and protection of the Graf Zeppelin at Los Angeles. They are Woodruff de Silva, acting superintendent of the city airport; Lieut. T. G. W. Settle of the Navy air forces, who was in charge of the landing operations, and Asst. Fire Chief C. J. Howley. (International Newsreel photo.)

immediately on arrival, but waited until sunrise in order to fully establish a government base in this section, and the plans under consideration by the Goodyear-Zeppelin Corp., our associate in this new industry, to establish commercial operations across the Pacific, with the terminals in California.

## ECKENER WAS NOT LOST ONCE, WILKINS SAYS

By MARGORIE BRISCOLL.

(Copyright, 1929, by Universal Service.)

Los Angeles, Aug. 26.—While Los Angeles and most of southern California sat up all night, waiting for the Graf Zeppelin, what were the passengers doing?

Some of them said Capt. Sir Hubert Wilkins today, were peacefully sleeping—these veterans of the air, in whom a Zeppelin voyage is becoming an old story.

"Of course, we didn't sleep very much," Sir Hubert admitted with a yawn. "Like other aviation experts aboard the Zeppelin, Sir Hubert is eager to say tribute to the skill of Commander Hugo Eckener."

"The navigation of the entire trip has been remarkable," Capt. Wilkins continued. "Never have we been 'lost' or uncertain as to where we were. Even in the heaviest fog over the Pacific, when we could see neither sea nor sky, we raced along at 75 miles an hour, and when we finally succeeded in getting an observation or checking by other means we were right where Commander Eckener said we were."

And Sir Hubert said tribute, too, to three men without whom the Zeppelin would have been out of touch with the world—the three radio men, Walter Dunks, Willy Speck and Leo Freund.

"They had a big job," he said. "They had to handle not only the ship's own messages, but all the copy turned out by 12 correspondents—the three Hearst correspondents and the representatives of foreign newspapers."

"As a consequence, they were swamped most of the time, and we had to make sure some of our choice bits of description, because it wasn't humanly possible to send as much. But, at that, it was really impossible to make words express what we saw—these marvelous panoramas of the sea, of Europe, of lonely, unvisited Russia of the North of Japan and of the sea."

Although the voyage of the Graf Zeppelin has been spectacular and dramatic affair, it has not been "a hot fight" in the ordinary understanding of that term, said Sir Hubert.

"It has been simply a equipped that a properly built, dignified, manned and handled dirigible can carry passengers safely and comfortably on flights even as long as a trip around the world," he concluded.

## Los Angeles Went Nuts Over Zepp, Baer Says

By ARTHUR "BUGS" BAER.

(Copyright, 1929, by Universal Service.)

Minneapolis, Minn., Aug. 27.—Los Angeles, Aug. 27.—What Mr. Baer says about the Graf Zeppelin's visit to Los Angeles is that it was a "big thing."

At ten o'clock the visibility was good. During the afternoon you could stand on the beach at Santa Monica and see Catalina Island, a distance of 23 miles. The night is just as clear as the afternoon. There is nothing quite so velvety-black as a California evening. Pale flames kept the moon's necks bending like Kansas wheat in a north-easter.

Arrivals and hangings in the air proved to be a magnificent sight. The landing field was solidly enclosed with motor cars containing national riders, who banged away at basket lunches. Everybody was determined to stay until the Zepp whistled for a landing.

Angels went nuts and we're not giving you a short answer. The city stayed awake all night to give the flying house boat a welcome. The Zeppelin came sliding through the sky well after midnight with her engines drumming the roll call of man's victory over time, space and distance. She was about a thousand feet against the ceiling and looked like a whale with tail lights.

## BALKY MOTOR DELAYS LINDY AND BRIDE

(Copyright, 1929, by Universal Service.)

Cleveland, Aug. 27.—Ole Charles A. Lindbergh had his troubles with a balky motor as he prepared to leave for an announced destination.

The Colonel and Mrs. Lindbergh visited the national air races at Municipal Airport on their way out of town, after spending the day with Parnely Herrick, son of the late ambassador to France.

Mrs. Lindbergh took the controls as her husband winged the propeller. Fifteen times he spun it and stepped back, but the motor would not start. He prepared freely, but said no word. An official offered him the assistance of a mechanic if he wished to take the controls himself, but the colonel replied: "No, she knows how to do it. We'll get started some way."

After 10 more tries, the motor roared and the colonel grinned.

Told in the real estate column of the Classified Ads, you will find scores of opportunities for profitable investments.

## Club Conducts Sale

The On-to-Portland Convention Club of Chicago will hold a sale tonight at the home of Mrs. Charles Geyer, Chicago, where the committee has been busy engaged in the past few weeks completing arrangements for the affair.

## Pineapple Frost A Hot Weather 'Cooler'

Here's a hint for those torrid August afternoons and evenings when it's too warm to move. Serve Pineapple Frost in tall, multi-colored glasses. Easy to make. Grate a fresh pineapple. Mix with the excellent canned grape pineapple. Mix thoroughly with crushed Boston Ice Fill glass and top with maraschino cherries. Deliciously refreshing and absolutely pure. Wonderful as an unusual dessert.

Boston Ice can always be eaten with safety. It is made from water which has been scientifically purified and filtered. Use it plentifully and keep cool.

Annual August Opening

FUR COATS

More Misses and Women are paying \$295.00 for a fur coat than ever before. Here are twelve great values at low August prices.

\$295

Seal Dyed Muskrat Coats, Kolinsky collar, cuffs.

Seal Dyed Muskrat Coats, crush collar.

Natural Raccoon Coats, Johnny, shawl collar.

Leopard Cat Coats, smart misses' model.

Ocelot Coats, fox collar.

Australian Opossum Coats, clear grey skins.

Black Russian Caracul Coats, Leipzig dyed.

Seal Dyed Muskrat Coats, ermine collar, cuffs.

Seal Dyed Muskrat Coats, skunk collar, cuffs.

Brown Caracul Coats, beaver collar, cuffs.

Natural Grey Squirrel Coats, dark skins.

Natural Krimmer Coats.

\$195

\$395

Natural Northern Muskrat Coats, Plain and Beaver trimmed.

Seal Dyed Muskrat Coats, Junior and Misses' sizes.

Nutria Dyed Lapin Coats, (Sheared Coney)

Sandwood Caracul Coats, Plain and Trimmed.

Natural Raccoon Coats.

Silver Muskrat Coats, Beaver Collar.

Baby Leopard Cat Coats.

Orchid Caracul Coats, Johnny Collar.

Mink Dyed Muskrat Coats.

Fine Black Caracul Coats, (Hare model)

Seal Dyed Muskrat Coats, Mink shawl collar.

Sandwood Caracul Coats, plain, fine skins.

Dark Natural Grey Squirrel Coats, Opera collar.

Raccoon Coats, extra dark skins.

Leopard Coats, large Beaver collar and cuffs.

Seal Dyed Muskrat Coats, Mink collar and cuffs.

Dark Natural Squirrel Coats, draped collar and cuffs.

Beaver Coats, Shawl or Johnny collar.

\$495

## Sheared Lamb Coats

The ideal coat for school and college girls, for sports-wear or automobiling, are beautiful beaver brown shade with Johnny or shawl collar, suede or saten

linings or two-tone linings.

Beautify Your Home—Make It Cozy, Comfortable, Homey For Indoor Days Ahead—But Do It NOW While You Can Save 1/4 to 1/2!

## ANNUAL AUGUST SALE

A "Miracle" Value to Make The Last Great Sale Week The Greatest Of Them All!

Massive 3 Piece Suite Covered ALL OVER IN WORSTED-MOHAIR \$951 (Front, sides, ends, backs, every part covered in worsted-mohair)

A QUALITY Set—Massive—Beautiful—Well Constructed

A CARLOAD purchase bought long ago—in a dull season at tremendous reductions and held to make this last great sale week the busiest of all.

If you know good construction—if you admire beauty of design—if you realize what sets like this usually sell for, you'll be here at 9 A. M. Tomorrow. Remember. There are suites and suites and dozens offered at \$95, but DON'T confuse them with this for here is one made by a QUALITY maker, possible ONLY because of a quantity purchase.

Reversible Spring Filled Cushions. Nechman Inner Spring Construction. Hand Tailored—Well—and Substantive Arms. All New Materials—Built To Last For Years.

With These QUALITY Features

1. Made with sturdy full-dried hardwood frame to last for years.

2. Covered ALL OVER in long wearing worsted MOHAIR.

3. With Nechman's nationally advertised spring construction that cannot give way.

4. With reversible spring-filled loose cushions, colored to match cover.

5. With "knee" legs—hand-tailored—and with for extra beauty.

6. With massive leg springs for extra comfort.

7. With massive leg springs for extra comfort.

8. With massive leg springs for extra comfort.

9. With massive leg springs for extra comfort.

10. With massive leg springs for extra comfort.

11. With massive leg springs for extra comfort.

12. With massive leg springs for extra comfort.

13. With massive leg springs for extra comfort.

14. With massive leg springs for extra comfort.

15. With massive leg springs for extra comfort.

16. With massive leg springs for extra comfort.

17. With massive leg springs for extra comfort.

18. With massive leg springs for extra comfort.

19. With massive leg springs for extra comfort.

20. With massive leg springs for extra comfort.

21. With massive leg springs for extra comfort.

22. With massive leg springs for extra comfort.

23. With massive leg springs for extra comfort.

24. With massive leg springs for extra comfort.

25. With massive leg springs for extra comfort.

26. With massive leg springs for extra comfort.

27. With massive leg springs for extra comfort.

28. With massive leg springs for extra comfort.

29. With massive leg springs for extra comfort.

31. With massive leg springs for extra comfort.

32. With massive leg springs for extra comfort.

33. With massive leg springs for extra comfort.

34. With massive leg springs for extra comfort.

35. With massive leg springs for extra comfort.

36. With massive leg springs for extra comfort.

37. With massive leg springs for extra comfort.

38. With massive leg springs for extra comfort.

39. With massive leg springs for extra comfort.

40. With massive leg springs for extra comfort.

41. With massive leg springs for extra comfort.

42. With massive leg springs for extra comfort.

43. With massive leg springs for extra comfort.

44. With massive leg springs for extra comfort.

45. With massive leg springs for extra comfort.

46. With massive leg springs for extra comfort.</

## DEPT PROXY TO END TODAY FAULRE

The Hague, Netherlands, Aug. 27 (AP)—The reparations conference is to put the Young plan into effect which held its first adjournment three weeks ago, today seemed promising rapidly for adjournment without an agreement having been reached.

Premier Briand of France today sent a letter to Premier Dagnan of Belgium suggesting a meeting of the six powers that called the conference to clear up the entire situation.

"I believe the only reasonable solution is to convene a meeting of the six inviting powers in order to end the situation which now appears to be without prospect of success," said the French premier.

Philip Snowden, British chancellor of the exchequer, who has declared inadequate the latest offer of the other four creditor powers, agreed to meet at 5 p. m. when the fate of the conference presumably will be settled.

## RIFLES SPREAD IN PALESTINE

Continued from First Page

are on duty here. The forces are equipped with machine guns, armored cars and airplanes.

Policing of the city, however, has largely devolved upon a force of 600 British volunteers, who are patrolling the streets night and day to maintain order.

With appearance of British troops in the Holy City the situation became somewhat easier, although hundreds of Jews still are in hiding, afraid to appear on the streets.

At least 20 homes raided in the outskirts of the city by Arabs were occupied by Americans. Boys living in these homes are reported to have been slain.

**CHRISTIANS MARK HOMES.**

Two Englishmen were killed in disturbances at Ain Carin, a suburb of Arab village. Jewish soldiers attacked the Jewish colony of Refat in Jerusalem valley, where the attack being killed in the action.

Forty Arabs, members of a group which attacked the residence of Hadar Hacamel, near Haifa, were arrested and taken to Haifa, where Sunday and yesterday and many Jews were wounded, with some dead.

At Beisan all Jewish houses were burned. A Jew was killed, 21 were wounded. Considerable damage occurred to all Palestine and Arab atrocities were reported from Moza, but not confirmed.

Many Christians in Jerusalem marked their houses with blue crosses as a sign that the buildings harbored neither Jews nor Muslims.

C. J. Kitchan, a newspaper correspondent, today said the Jewish population at Hebron was partaking of the Sabbath meal. Arab tribesmen suddenly descended upon the little village in the afternoon and killed one of the first.

In one home, that of A. D. Slonim, manager of the Anglo-Palestine bank, 19 persons were killed, including Slonim, his wife, two children, and the parents of Mrs. Slonim.

The 15 Americans—all students—were among those killed in this attack.

At Moza a man was killed by Muslims when he attempted to defend his 13-year-old daughter.

**U. S. Action Urged in Flood of Appeals**

Washington, Aug. 27—Appeals from persons of the Jewish faith in all parts of the country for action by the Washington government to protect fully American lives and property in Jerusalem were received by the State Department.

Sir Elme Howard, the British ambassador, called upon Secretary Simon to express personal regret over the killing of the 15 American citizens in the Jewish-Arab clashes.

Secretary Simon took diplomatic steps today to call to the attention of the British government, which holds mandate over Palestine, the necessity of protecting American lives and property.

He instructed Ambassador Davies to express to the British foreign office the hope of the Washington government that immediate measures will be taken.

**Boston Jewry to Aid Suffering in Palestine**

Boston Jewry has joined the national chorus of Jewish protest against the outrages perpetrated upon Jewish citizens of the United States journeying in Palestine during the recent rioting in Jerusalem.

Boston Jews prominent in Zionist work here organized an emergency committee at a meeting in Zionist headquarters at 28 School st., and named Albert Hurwitz chairman.

A public demonstration in Faneuil Hall, tomorrow night, is expected to crystallize Jewish opinion in Boston towards the Jerusalem massacre. Governor Allen, Senators Oliver and Walsh, and Mayor Nichols have been asked to speak.

**Survivor Says Arabs Attacked 'Like Savages'**

London, Aug. 27 (AP)—They came at us like mad savages," a Jerusalem dispatch to the London Daily Express today quoted Basil Gordon, Jerusalem banker, as saying of the Arab Sabbath day attack on Talpith, suburb of Jerusalem.

"At first we were not afraid," he said, "because we had organized all women and children from 15 families."

## Losses to Fate

Bessie Shinson, 18, Worcester, and Charles Sherer, Dorchester, planned to wed after a romance of eight years, but Sherer died following a Brookline auto crash. (Story on Page 11.)

## MAKES STARS CHECK TICK OF CLOCK

Ottawa, Ont., Aug. 27 (AP)—New methods of determining time, and an estimate vastly reducing the size of known space, were presented to the meeting of the American Astronomical Society today.

The innovation in time is accomplished by photographing the ticks of a clock simultaneously with a passage of a star. The photographic plate moves automatically and the clock beats are registered on the negative by electrical transfer, so that they produce a broken trail.

Each break in this trail represents the tick of a special clock, and the trail crosses that of a star.

Two Washington U. Naval Observatory scientists, F. B. Lillie and W. E. Williams, presented the description of the time-making apparatus. Its purpose is to simplify present methods of reckoning time from stars.

The estimates of the size of space was made by Ludwig Wilberstein of New York. He gave mathematical formulas which he said showed that the greatest possible distance across space is about nine million light years. Recently some leading astronomers have estimated that certain starry clusters were as much as 100 million light years distant.

Dr. Wilberstein's figures, translated into every day terms, mean that the space in which light travels in nine months is bounded.

That is, light does not go on and on forever in a straight line, but something causes its path to curve, as Einstein says. This curvature, under Dr. Wilberstein's mathematics, would make light go in a curve, and the greater the diameter of which would be about nine million light years.

One girl was shot in the head. Then two young men were hit. Our clerks here today are possibly pointing further disturbing words within the Mohammedan section of the empire.

Dispatches from India said a statement was issued in Bombay signed by three Mohammedan editors of three vernacular newspapers at Lahore, Delhi and Bombay, and by the secretaries of the central Khilafat committee warning the British government.

The high-handed pro-Jewish policy in Arab countries has created commotion and a feeling of resentment in Islamic countries, the consequence of which cannot be overlooked or minimized.

Some indication of the difficult problem on the hands of the government became apparent when it was considered the whole Islamic world was observing keenly the growth of the trouble in Palestine, and that a misstep might provoke repercussions in the vast British Mohammedan dominions.

**Italian Submarine Crew in Fast Escape**

Spezia, Italy, Aug. 27—Ten men emerged from a sunken submarine in 48 seconds during an underwater experiment here, making what is claimed to be a world record for the escape of a submarine crew.

The experiment was carried out by the government in Italy to prevent serious loss of life from submarine disasters.

Half of the participants used headlamps.

But real estate where the value is high will find a lot of valuable property advertised every day in the real estate columns of the Christian Science.

## LEGGE SA 'DUD' IN SOCIETY, HE CONFESSES

Chicago, Aug. 27 (AP)—Alexander Legge was loath today to become excited over his status in the association of Communist and Italian artists convention were careful to note, because of any declining interest in comedy chorists, but rather because bald heads themselves are going out of fashion.

The association was told by Miss George D. George of Los Angeles that the number of bald-headed men is getting smaller each year.

She doesn't believe there will be any at all by 1930.

She pooch-pooched the tradition that brain work brings on baldness. Its cause, she said, is laziness and neglect. When men learn to use their heads, they will have something on it, she said.

**Cloudburst Causes Flood**

Sofia, Bulgaria, Aug. 27—Fifteen persons were drowned in floods which submerged a greater part of the Radomir district.

Swimming 20 yards off shore in the Lower Mytilene Lakes, Mrs. Walter A. Curtis, 24, of Adams st., Medford Hillside, nearly lost her life.

George Chalmers, life guard and ex-Medford high football captain, pulled her ashore. Chalmers and others quickly revived her and she was able to go home.

The incident happened at Little Sandy Beach, just off the Valley Parkway in West Medford. Chalmers was congratulated for his efficient work.

## Bald-Headed Row to Be Doomed by 1950!

Chicago, Aug. 27 (AP)—Another great American institution—the bald-headed row—is passing; not, as speakers at the National Association of Communist and Italian artists convention were careful to note, because of any declining interest in comedy chorists, but rather because bald heads themselves are going out of fashion.

The association was told by Miss George D. George of Los Angeles that the number of bald-headed men is getting smaller each year.

She doesn't believe there will be any at all by 1930.

She pooch-pooched the tradition that brain work brings on baldness. Its cause, she said, is laziness and neglect. When men learn to use their heads, they will have something on it, she said.

## COXEY'S ARMY ON MARCH

Warren, Ohio, Aug. 27 (AP)—"General" Jacob Seacher Coxe has mobilized again. The vanguard of his "army" moved across Ohio to Ohio on the way to Washington in the interest of "money at cost and non-interest-bearing bonds."

Coxe started the country and wound up in jail years ago when he hurried into Palestine for first-hand information. Benjamin Rakovsky, Boston lawyer, and prominently identified with Zionist work in the city, also abroad, was also to revisit Palestine.

Robert Silverman, New England Regional director, says final arrangements of the meeting will be announced late today, with a complete list of the organizations to participate in the protest, and the speakers.

**3 Men Arraigned in Baseball Pool**

R. B. Hines, George L. Genter and Hamilton Hall, all of Springfield, who were secretly indicted some time ago in connection with the Imperial Pool and baseball lottery were arraigned before Judge James A. Lowell in Federal court today.

Judge John E. Walsh of the municipal court sentenced Capone on May 18 to the jail for carrying concealed weapons. He was later transferred to the penitentiary because of favoritism shown him in connection with automobile.

**Free "Scarface"?**

Philadelphia, Aug. 26 (IN)—Underwater experiment here, making what is claimed to be a world record for the escape of a submarine crew.

The experiment was carried out by the government in Italy to prevent serious loss of life from submarine disasters.

**Italian Submarine Crew in Fast Escape**

Spezia, Italy, Aug. 27—Ten men emerged from a sunken submarine in 48 seconds during an underwater experiment here, making what is claimed to be a world record for the escape of a submarine crew.

The experiment was carried out by the government in Italy to prevent serious loss of life from submarine disasters.

Half of the participants used headlamps.

But real estate where the value is high will find a lot of valuable property advertised every day in the real estate columns of the Christian Science.

**U. S. Action Urged in Flood of Appeals**

Washington, Aug. 27—Appeals from persons of the Jewish faith in all parts of the country for action by the Washington government to protect fully American lives and property in Jerusalem were received by the State Department.

Sir Elme Howard, the British ambassador, called upon Secretary Simon to express personal regret over the killing of the 15 American citizens in the Jewish-Arab clashes.

Secretary Simon took diplomatic steps today to call to the attention of the British government, which holds mandate over Palestine, the necessity of protecting American lives and property.

He instructed Ambassador Davies to express to the British foreign office the hope of the Washington government that immediate measures will be taken.

**Boston Jewry to Aid Suffering in Palestine**

Boston Jewry has joined the national chorus of Jewish protest against the outrages perpetrated upon Jewish citizens of the United States journeying in Palestine during the recent rioting in Jerusalem.

Boston Jews prominent in Zionist work here organized an emergency committee at a meeting in Zionist headquarters at 28 School st., and named Albert Hurwitz chairman.

A public demonstration in Faneuil Hall, tomorrow night, is expected to crystallize Jewish opinion in Boston towards the Jerusalem massacre. Governor Allen, Senators Oliver and Walsh, and Mayor Nichols have been asked to speak.

**Survivor Says Arabs Attacked 'Like Savages'**

London, Aug. 27 (AP)—They came at us like mad savages," a Jerusalem dispatch to the London Daily Express today quoted Basil Gordon, Jerusalem banker, as saying of the Arab Sabbath day attack on Talpith, suburb of Jerusalem.

"At first we were not afraid," he said, "because we had organized all women and children from 15 families."

**T**HE Gayety burlesque "season" got away with a bang when Max Fields deposited a load of comedy for the patrons of the uptown burlesque house. His show was called "Kuddling Kuties" and

while the members of the chorus were fair to gaze upon, they did not have the same effect of staying long. For the show was packed with stars, each of whom could hold the attention of the audience. The first of the featured dances, while Ann Fink exhaled in some character studies which were not to her credit.

When Max Fields galloped across the stage on his tall red heels, he was given a warm reception for he has long been a favorite in Boston. His feet, however twirling, kept him in the center of the stage. The next the drollard dances Boston has seen for a long time. His comical dancing, which has been a comic, made a good foil.

Sugar Schaad, Jess singing and dancing, gave a representation as an entertainer. "Love Lini and Jeanne Williams, two lovely girls, sang in some dainty songs. Al Good, who sang in a straight man while Al Snyder's twinkling caught on with the

better than average. The show aped through the many scenes. Two scenes, "Parrot Inn Cafe" and "Fashion," won applause for their beauty and more applause for the fun, singing and dancing.

## PENN. AT NE

TOP IN WAL  
ST. MARKET

New York, Aug. 27 (AP)—Stock prices bounded upward at the opening of today's market under the leadership of high-priced issues. General Electric opened 2 points higher, Westinghouse Electric and U. S. Steel common, Lackawanna, American International and American Bosch Magneto saw similar gains of 1 to 1½ points. The Webber advanced 1½ points on the first sale, a high record at 173½. Safeway Stores dropped 1.

Some irregularity developed after the opening, when heavy buying took place in the communications shares, which were strong features of yesterday's

Wall st apparently was pleased at the reduction in the volume of federal reserve credit outstanding and by unofficial predictions of no serious pinch in call money likely before the middle of the month.

Rails were bought as a result of the excellent character of current traffic and earnings statements coupled with rumors of more favorable dividends.

Pennsylvania quickly moved 3 points to a new high at 105 1/2. St. Paul preferred touched 63 1/2 the first time. New York Central, Baltimore & Ohio and New H.

advanced a point or so. Commercial Solvents, which not sell yesterday, jumped 5 points above last week's final to 500½. Air Reduction moved 5 points to a new high at 202½. American Linseed crossed 82½ new peak. Several strong spots developed in the food group. International Telephone and John Manville slumped 2½ points on the first outbreak of selling. American Telephone and Rockland 2 each. Radio, Corn Products Consolidated Gas and a few others yielded a point or so. Foreign exchanges opened steady with sterling cables unchanged at \$4.84½.

# TIGHT MONEY EXPECTED

# WALL STREET

New York, Aug. 27—Wall Street expects increasingly tight money as the month-end approaches.

The recent reduction of borrowings at the Federal reserve, however, has placed banks in a better position to the strain.

It failed to rise above 7 per cent early in June, but that was partly attributable to the heavy liquidation of brokers' loans in May.

Building contracts awarded during the 37 states east of the Rockies the week ended August 23, 1934, according to Dodge Corp. reports, rose to a total of \$123,013,400, which is an increase of 22 per cent over the

the like week a year previous

# TEA

The quantity of tea imported into the United States during the fiscal year ending June 30, 1929, exceeded that imported during the previous fiscal year by 2,497,035 pounds, according to the Food, Drug and Cosmetic Administration of the United States Department of Agriculture. This is the largest increase in the history of the tea trade in this country.

This increase was confined almost entirely to India, Japan and China. India, which has been the largest source of tea for the United States, increased its exports by 2,497,035 pounds, or 112 percent, over the previous year.

Of this increase, 1,100,000 pounds, or 44 percent, was accounted for by the increase in the imports from India. The remainder, 1,397,035 pounds, or 56 percent, was accounted for by the increase in the imports from China and Japan.

The increase in the imports from India was due to the fact that the tea from India is of a higher quality than the tea from China and Japan. The tea from India is also more abundant and cheaper than the tea from China and Japan.

The increase in the imports from China and Japan was due to the fact that the tea from China and Japan is of a higher quality than the tea from India. The tea from China and Japan is also more abundant and cheaper than the tea from India.

The increase in the imports from China and Japan was due to the fact that the tea from China and Japan is of a higher quality than the tea from India. The tea from China and Japan is also more abundant and cheaper than the tea from India.

The increase in the imports from China and Japan was due to the fact that the tea from China and Japan is of a higher quality than the tea from India. The tea from China and Japan is also more abundant and cheaper than the tea from India.

# Trends of the Day

## Stays in Oil

Oil prices have remained steady during the past few days. The price of oil has been stable at around \$1.10 per barrel. This is due to the fact that the demand for oil has been steady and the supply has been adequate.

## Record Tobacco Company Earnings Are Forecast

The record tobacco company earnings are forecast to be high for the year ending June 30, 1929. This is due to the fact that the demand for tobacco has been high and the supply has been adequate.

## Stock Exchange to Double Seats by 'Odd Dividend'

The stock exchange is expected to double its seats by the time the 'odd dividend' is paid. This is due to the fact that the demand for seats has been high and the supply has been adequate.

## New York Produce Exchange Deals

The New York Produce Exchange has reported a record number of deals for the year ending June 30, 1929. This is due to the fact that the demand for produce has been high and the supply has been adequate.

## Stock Exchange to Double Seats by 'Odd Dividend'

The stock exchange is expected to double its seats by the time the 'odd dividend' is paid. This is due to the fact that the demand for seats has been high and the supply has been adequate.

## New York Produce Exchange Deals

The New York Produce Exchange has reported a record number of deals for the year ending June 30, 1929. This is due to the fact that the demand for produce has been high and the supply has been adequate.

## Stock Exchange to Double Seats by 'Odd Dividend'

The stock exchange is expected to double its seats by the time the 'odd dividend' is paid. This is due to the fact that the demand for seats has been high and the supply has been adequate.

# RECORD TOBACCO COMPANY EARNINGS ARE FORECAST

It is probable that the aggregate sales of the tobacco industry will be a record for the year ending June 30, 1929. This is due to the fact that the demand for tobacco has been high and the supply has been adequate.

The tobacco industry has reported a record number of deals for the year ending June 30, 1929. This is due to the fact that the demand for tobacco has been high and the supply has been adequate.

The tobacco industry has reported a record number of deals for the year ending June 30, 1929. This is due to the fact that the demand for tobacco has been high and the supply has been adequate.

## LUCKY FIREMEN COLLECT ON BUCKS

By WON LUCKY BILL.

Three firemen took part at my word last Saturday and checked their old \$1 bills with the serial numbers which I published in the Boston American. Today this trio is richer by \$12.

Two of them turned in lucky bucks worth \$20 each. The third produced a \$5 winner. However, there are 33 others who got lucky bucks but so far have failed to identify them. Now don't lose their chance at easy money.

Leak, Edward N. Riley, Engine Co. 1, Chelsea, brought in lucky buck 25086400, one of the \$20 winners.

Thomas M. Carney, of Ladder Co. 1, Main st., Charlestown, brought in lucky buck 16894212, a winner for \$5.

Louis F. Bolvent, 23 Fountain st., Medford, Central Fire Station, Medford, brought in lucky buck 1219254547, a winner for \$20.

But the firemen were not the only folks to cash in on the great money game yesterday. There were at least other persons who were astute enough to discover their lucky bucks in their possession. They are:

Louis W. Berkeley, of 13 Thorndike st., Roxbury, who found lucky buck 150570551, winner for \$10.

George Boyle, of 250 Mt. Vernon st., Dorchester, brought in lucky buck 161025116, a \$5 winner.

George C. Gould, of 64 Prospect st., Cambridge, got lucky buck 123224143 in a transaction in Cambridge. It's a winner for \$10.

Ruben Markham, of 2 Walnut st., Wollaston, cashed in for \$5 on lucky buck 123509163.

Philip M. Boyd, of 91 Rice ave., Revere, brought in lucky buck 123234850, which he had in an East Boston cigar store. It was a winner for \$5.

Peggy Nielsen, of 26 Park st., Dorchester, received lucky buck 123505082, in chance at a third place in Dorchester. It was a winner for \$5.

Now, you see how this lucky buck game works. There's nothing to it. You bring in the lucky bucks and I pay you either \$20, \$10 or \$5 for each one of them.

LOUIS W. BERKELEY

## HOOVER PLANS CHANGES IN LAND POLICY

Salt Lake City, Aug. 27.—Drastic changes in the relations between the Federal and State governments in respect to the public lands and reclamation service were suggested by President Hoover in a letter read by Joseph M. Dixon, assistant secretary of the interior, at a meeting of the governors of the public land states.

The President disclosed in the letter to Dixon that he proposes to appoint a commission of nine or 10 members, at least five of whom will be of the public land states, to study the policies now being pursued and the changes in existing laws which he might recommend to Congress. His idea is to bring about a greater measure of unity by the state governments themselves.

Mr. Hoover made several tentative suggestions for the reclamation of public lands. He also cited the fact that, as a result of his order suspending further lease of oil prospecting permits on public lands, there will be a reduction of permits covering 40,000 acres of the public domain to those affecting only 15,000,000 acres.

He also stated that he is considering the possibility of leasing public lands for grazing purposes, and that he is considering the possibility of leasing public lands for grazing purposes.

He also stated that he is considering the possibility of leasing public lands for grazing purposes, and that he is considering the possibility of leasing public lands for grazing purposes.

He also stated that he is considering the possibility of leasing public lands for grazing purposes, and that he is considering the possibility of leasing public lands for grazing purposes.

He also stated that he is considering the possibility of leasing public lands for grazing purposes, and that he is considering the possibility of leasing public lands for grazing purposes.

He also stated that he is considering the possibility of leasing public lands for grazing purposes, and that he is considering the possibility of leasing public lands for grazing purposes.

He also stated that he is considering the possibility of leasing public lands for grazing purposes, and that he is considering the possibility of leasing public lands for grazing purposes.

He also stated that he is considering the possibility of leasing public lands for grazing purposes, and that he is considering the possibility of leasing public lands for grazing purposes.

He also stated that he is considering the possibility of leasing public lands for grazing purposes, and that he is considering the possibility of leasing public lands for grazing purposes.

## What Player Fined Because He Didn't Know How to Deal

Haverhill, Aug. 27.—Andrew Dubenko told Judge John J. Winn in the district court he was only playing whist when he was arrested with nine others in a gaming raid.

Judge Winn asked Dubenko to deal a whist hand. The accused dealt part of the deck and stopped. He was found guilty and fined \$10.

He also stated that he is considering the possibility of leasing public lands for grazing purposes, and that he is considering the possibility of leasing public lands for grazing purposes.

He also stated that he is considering the possibility of leasing public lands for grazing purposes, and that he is considering the possibility of leasing public lands for grazing purposes.

# ROOMS IN NEW U. S. BUILDING FOR LAWYERS

In accordance with his suggestion, facilities be provided in the new Federal building to be erected in Boston for the convenience of attorneys and other persons having cases in the United States courts, Congressman John W. McCormack was today assured by the acting supervising architect of the treasury department that this would be done.

The acting supervising architect in his letter to Congressman McCormack said:

"It is the intention to provide a consultation room and room for attorneys, other than U. S. attorneys, in the proposed new Federal building at Boston. So far as can be determined now they will be provided for each of the four courtrooms.

As the sketches are now only in a tentative stage, it is not possible to state what the final arrangement will be.

All arrangements affecting the courts are handled in conjunction with the Department of Justice and such other rooms as they desire for the complete operation of the courts will be provided in so far as it is possible to do so.

# GENERAL POPULAR CLERK

Returning to the Goldwater Pharmacy in City Hall Square, where he is employed as a drug clerk, Harry R. Gooley was confronted by a woman who had come to turn over the proceeds of the evening, amounting to more than \$50.

The burglary and holdup occurred about 10:30 p.m. when Gooley, a 35-year-old clerk, was alone in the store.

Police headquarters, the burglar forced entrance into the drugstore just as the clerk closed up for the night.

An examination of the premises which had been forced open by the burglar, showed a small box containing a pin, a watch and a small amount of money.

Gooley, who was not disturbed, was taken to the police station for questioning.

# LETTERS FROM READERS

Thinks U. S. Women Should Be Soldiers, Too  
Editor Boston American:

I am a constant reader of your paper. I see in one place in your issue of August 24th that you have taken up military activities and are ready to defend their country in case of war with China. Then how about the women of the United States? They have the right to vote and hold such positions as Governor or Congresswoman. Will you not pick up arms in America's next war? How about it? Will you not be a woman's friend?

# 200 TILES MEAN FOR CASTORIA INQUIRY

Charlotte, N. C., Aug. 27 (AP).—After a long and bitter inquiry, a jury in the Federal court here today returned a verdict of \$200,000 in damages to the estate of a man who was killed by a train.

The jury found that the railroad company was negligent in its operation of the train and that the death of the man was caused by the negligence.

The man, who was a resident of Charlotte, was killed by a train while crossing a street.

The jury's verdict was a significant one, as it represents the largest sum ever awarded in a case of this kind in the Federal court here.

# FUNERAL DIRECTORS

MICHAEL A. LANGONE  
LAW AND NOTARY SERVICE  
100 South Street, Boston 10, Mass.

# PERSONALS
